AFTERMATH

Why the Ola-Uber cab model is not good for either drivers or customers

India, Feb. 17, 2017 -- On February 12, Praveen Kumar, unable to pay for his taxi's EMI, became the first Uber driver in India to commit suicide. As violent strikes by Ola/Uber drivers entered its eighth day on Friday, it is time to question the real cost of these subsidy-led, asset-light models that dominate the on-demand economy. 'On-demand' is a fantastic premise but there are several flaws in these models: On-demand, but at what cost: We all know getting things faster and better cost more.
